Exhibit 300: Capital Asset Plan and Business Case Summary Part I: Summary Information And Justification (All Capital Assets)

Section A: Overview (All Capital Assets)

1. Date of Submission: 2010-03-19 19:53:47

2. Agency: 025

3. Bureau: 00

4. Name of this Investment: HSG - 1768050 - 410352 - FHA Financial Operations Modernization - FHAFO

5. Unique Project (Investment) Identifier: 025-00-01-01-01-1010-00

- 6. What kind of investment will this be in FY 2011?: Operations and Maintenance
 - Planning
 - Full Acquisition
 - Operations and Maintenance
 - Mixed Life Cycle
 - Multi-Agency Collaboration
- 7. What was the first budget year this investment was submitted to OMB? *
- 8. Provide a brief summary and justification for this investment, including a brief description of how this closes in part or in whole an identified agency performance gap; this description may include links to relevant information which should include relevant GAO reports, and links to relevant findings of independent audits.

The Federal Housing Administration Financial Operations (FHAFO) initiative provides FHA with integrated funds control, accounting, and financial operations that execute FHA's mission to expand affordable housing and homeownership opportunities, support development of affordable rental housing and health care facilities, strengthen program controls and improve program management. The FHAFO's 15 applications bill and collect premiums, pay claims to lenders, control funds, and produce audited financial statements for all FHA mortgage insurance programs. This investment maintains FHA's compliance with the statutes and regulations that govern FHA financial operations. The investment is essential for clean audit opinions on FHA's financial statements and improves the operation of FHA's financial systems to manage risk and control costs. Beginning in FY 2010 the Department expects a major shift in strategy for IT Transformation investment. Under the FY 2010 Transformation appropriation request, new IT development for the Office of Housing/FHA will be funded by HUD s Transformation program. A new business case is being submitted for Office of Housing/FHA Transformation investments. Steady state operation and maintenance for legacy systems will continue to be reported under their existing WCF business cases. As Transformation projects are completed, some legacy systems will be retired and operating costs for the new IT investments will be added to existing WCF business cases. Accordingly, this investment's main objective is to support steady state operation and maintenance of FHAFO's system. It will also address these high-priority areas in FY 2010 and FY 2011: 1. Support HUD's Strategic Objectives of better risk management, fraud detection, and underwriting in Housing's insurance operations. 2. FMLOB: This investment supports OMB's and HUD's Financial Management Line of Business initiative to consolidate HUD's core financial systems. In addition to these high priority requirements, this investment includes funding to eliminate security deficiencies.
